

NAVY ALCOHOL AND DRUG ABUSE PREVENTION (NADAP)

National Drunk and Drugged Driving (3D) Prevention Month December, 2003

Mission First... Sailors Always

National “3D” Month

- **An opportunity to raise awareness of DUIs**
- **Work with local law enforcement to educate command on road safety during the holidays**
- **Establish designated driver programs for Sailors on liberty**
- **For shore installations, use the NDAAC to promote awareness of National “3D” Month**
- **Experiment with “Best Practices” from NADAP Website in your own command prevention program:**

<http://navdweb.spawar.navy.mil>

What's the point?

- For the last three years, Navy has averaged over 1000 DUIs each year.
- 34 Sailors died in alcohol-related incidents in FY-02; the number decreased to 17 in FY-03
- In 80 percent of these deadly incidents, the Sailor who died did not wear a seatbelt
- But one death is one too many because...

DUIs are TOTALLY preventable!
